SUMMARY

Frontend-focused developer transitioning into full-stack development, with hands-on experience building responsive web applications using React.js and Next.js. Experienced in reusable UI components, REST API integration, state management, forms and validation, authentication, and role-based interfaces. Currently expanding backend development skills with Node.js, Express.js, MongoDB, and Mongoose, with a focus on building maintainable full-stack applications

EXPERIENCE

Frontend Development Intern

Zion Tech Firm Pvt. Ltd

07/2025 – 10/2025
Kathmandu, Bagmati,
Nepal

- Built and maintained responsive web applications using React.js and Next.js
- Developed reusable UI components using Tailwind CSS and Material UI
- Integrated REST APIs and managed application state using Redux Toolkit
- Implemented forms, validation, and data-driven interfaces using modern React libraries
- Contributed to a role-based Event Management Platform for users, vendors, and administrators
- Focused on responsive design, usability, performance, and maintainable frontend code

EDUCATION

Bachelor of Information Technology (BIT)

Purbanchal University

2022 – 2026
Nepal

SKILLS

Frontend

React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS

Backend

Node.js, Express.js, MongoDB, Mongoose, REST APIs

Tools & Concepts

VS Code, Git, GitHub, Postman

CERTIFICATIONS

Aryan Hack Fest, Second Edition Intra College Hackathon

Aryan IT Club

Participant

01/12/2024

PROJECTS

Weather App

Built a responsive weather application using React.js and Tailwind CSS

- Integrated the OpenWeather API to retrieve real-time weather information
- Implemented API data fetching and responsive weather interfaces

My-Notes - Full-Stack Note Management App

Built a note management application with authentication and session management

- Implemented password hashing using bcrypt and protected user sessions
- Developed full CRUD functionality for notes using the TipTap rich-text editor
- Created REST APIs using JSON Server for data persistence

Employee Management Dashboard

Developed an admin dashboard with authentication and centralized state management

- Implemented form validation and data tables for employee management
